

stressing out is a full time job
i am on it baby
and it better pay off cause yeah you know
that i am on it baby
okay a little stressed, little cursed, little blessed
I am on it baby
my soul's all in this I dont care about the rest
i am on it baby

25 hours a day Ill be on it baby
25 hours a day Ill be on it baby
and you know
and you know
and you know
and you know

whole city dark but still up cooking
i am on it baby
while you're sleeping
im beating and hooking yeah
I am on it baby
so dont come around trying to tell me shit
you dont know shit bout how I am on it
no dont come around trying to tell me shit
you dont know shit bout how I am on it

25 hours a day Ill be on it baby
25 hours a day Ill be on it baby
and you know
and you know
and you know
and you know

and if it finally pays off
are we suddenly friends
na-aaah
my people been down from the start till the end
aaahaa
and baby I do this again and again
until it finally pays off
until it finally pays off

25 hours a day Ill be on it baby
25 hours a day Ill be on it baby
and you know
and you know
and you know
and you know
