

COLD WATER BURNING SKIN

I saw you in an old video
and you looked so beautiful
short golden hair
your smile I will not forget

can't forget you in that old video
and how you watch over me
if it was not for you then where would I be

angelic in that old video
the look was soothing
short golden hair
your smile I will not forget

glad to meet you in that old video
now I can't find the right words
if it was not for you then where would I be

you're the cold water to my burning skin
the womb so warm sometimes I want to climb back in
when its too cold out here
and I can no longer relate
you're the cold water to my burning skin

cold water to my burning skin
the womb so warm sometimes I want to climb back in
when its too cold out here
and I can no longer relate
you're the cold water to my burning skin
