

## FLOWER

much work for very little money  
i watch you do it all anyway  
bad news how come i see you smiling  
much wine, i love the things you have to say

a beautiful boy showed me a poem  
told me a thing or two about some crazy things he had been through  
came a long way worked on a boat far north  
now he's in bloom I see him dance today

I can tell you are a flower  
I can see you dance  
I see you paint the sun in the snow

I can tell you are a flower  
I can see you dance  
I see you paint the sun in the snow

flower I've seen you grow freely  
I sit watching admiring you  
so rain will fall but I can feel  
nothing but love when the day is trough

a beautiful boy showed me a poem  
told me a thing or two about some crazy things he had been through  
came a long way worked on a boat far north  
now he's in bloom I see him dance today

I can tell you are a flower  
I can see you dance  
I see you paint the sun in the snow

I can tell you are a flower  
I can see you dance  
I see you paint the sun in the snow
